Subject: Accreditation Eligibility Status for Our Diploma Level Polytechnic Courses

We, the undersigned, representing the S.N.S. Vidyapeeth at Balganga, Raghunathpur, Motihari, East Champaran, Bihar-845437 wish to address the accreditation eligibility status of our Diploma level Polytechnic Courses with respect to the accreditation standards set forth by the National Assessment and Accreditation Council (NAAC), the National Board of Accreditation (NBA), and the National Institutional Ranking Framework (NIRF).

Recognizing the paramount significance of delivering exceptional quality education, our institution has consistently endeavoured to surpass the benchmarks established by reputable accrediting bodies and frameworks that uphold academic brilliance and accountability. We acknowledge the paramount importance of seeking accreditation for our programs to validate our commitment to excellence.

It has come to our attention that our Diploma level Polytechnic Courses have yet to fulfil the required duration of existence as mandated by the guidelines and principles set by NAAC, NBA and NIRF. We are hereunder furnishing the **Eligibility Criteria Highlights**:

- **NAAC:** According to NAAC guidelines, institutions seeking accreditation should have been operational for a minimum of six years. Our Diploma Level Polytechnic Courses, introduced in July 2023, have not yet met this requirement.
- **NBA:** The National Board of Accreditation mandates that the program to be accredited must have produced at least one batch of graduates and have been operational for a certain period usually two academic years. Our courses are in the early stages of existence and do not fulfil these criteria yet.
- **NIRF:** For eligibility in the NIRF rankings, institutions generally need to be operational for a minimum of five years. Our Diploma Level Polytechnic Courses, having been introduced in July 2023, are still in the early phase and do not satisfy this time-related eligibility criterion.

These stipulated time-related criteria form an integral part of the eligibility requirements set forth by the accrediting bodies.

According to the regulations stipulated by these esteemed accrediting bodies, an institution should be operational for a minimum of five years or the duration specified in their respective guidelines to be deemed eligible to initiate the accreditation application process.

Currently, our Diploma Level Polytechnic Courses are at the inception stage, having been introduced in July 2023. We hold steadfast in our dedication to upholding superior academic standards and creating a nurturing learning environment for our students.

SNS VIDYAPEETH

Motihari, Bihar-845437

We are cognizant that there is a stipulated time period that must be met before we can embark on the accreditation journey.

We wish to assure all stakeholders—our students, esteemed faculty, parents, and the wider academic community—that our unwavering commitment to excellence remains resolute. Our focal point remains the unceasing enhancement of our courses, aligning them meticulously with the rigorous standards established by accrediting bodies. The moment we fulfil the eligibility criteria, we will wholeheartedly initiate the accreditation application process, underscoring our resolve to elevate the quality of our Diploma Level Polytechnic Courses.

We extend our heartfelt gratitude for the unwavering support and understanding of all those invested in our institution. As we ardently strive to fulfil the prerequisites mandated by accrediting bodies, we hold steadfast in our conviction that, in due course, our courses will not only embody academic rigor but also reflect the hallmark of institutional distinction, warranting recognition from the esteemed accrediting bodies.

Thank you for your time, attention, and consideration.

Warm regards,
